### THIS & THAT

\*Did you know?

Independence Day was first celebrated by chief of staff at the White House back in 1801.

The 4<sup>th</sup> of July didn't actually become an official holiday until 1870.

Independence Day is a time for families to gather and for classic American foods and recipes to be eaten. However, hot dogs seem to have a huge place in the yearly celebrations. It's thought that around 150 million hot dogs will be sold and eaten in the US alone on the 4<sup>th</sup> of July each year.

## ASTROLOGY

July 2021

**Flower:** Larkspur

**Birthstone:** Ruby

**Astrological Sign:** Cancer (Jun 21 – July 22)

**Horoscope:** You are here for a major reason, and 2021 is one of those years where you've got to surrender to the outcome. You made some incredible changes during 2020 and are

making some real headway. There were many ups and downs that could have felt a little more traumatic than normal, especially for your compassionate sign of the Crab. You're able to take an observer's perspective and might even consider diving into some deep self-reflection that you once shied away from. Working in several facets of spirituality, body care, research, and expanding your mind, in general, is what 2021 is all about. There is nothing too out-of-the-ordinary for you right now, as you might even be more interested in either paranormal or occult-type studies. You are working out karmic cycles through learning your own patterns in communication and understanding what stories you've been told for far too long. You might even be faced with the truth about a family situation that you once spent far too much time trying to resolve. Maybe you've sacrificed your own happiness for the good of your loved ones only to come to terms with what you really want for yourself. This is a year where you can really step into your own independence and gain a little emotional space from the judgements of others. There's a refreshing tone to your life once you accept the truth about something you've been stuffing under the rug. 2021, in general, is a time for you to face the music, and see how special you really are! Stop being so hard on yourself!
